ACCESS TO MENDELEY

The image shows a screenshot of the Scopus website. The top navigation bar includes the Scopus logo, a search bar, and links for Sources, Alerts, Lists, Help, and SciVal. Below this is a blue header for 'Document search'. The main content area has tabs for Documents, Authors, Affiliations, and Advanced. The 'Documents' tab is active, showing a search bar with the placeholder text 'Search' and a dropdown menu for 'Article title, Abstract, Keywords'. Below the search bar is a search input field with the example text 'E.g., "Cognitive architectures" AND robots'. To the right of the input field is a 'Limit' link. At the bottom of the search area are 'Reset form' and 'Search' buttons. On the right side of the page is a dark sidebar menu. The menu items are: Guest user, Register, Login, Personal profile access, My Scopus, My organization, SciVal, Mendeley (highlighted with a red circle), Pure, and Privacy center. There is also a 'Resource Finder' logo in the sidebar.

The screenshot shows the Mendeley website interface. A red box highlights the 'Library' link in the navigation bar, which is circled in red. The navigation bar includes links for Feed, Library, Suggest, Groups, Datasets, Careers, Funding, Search, and a user profile icon for Reyhaneh. The main content area features a 'Download Mendeley' banner with a red 'Get Reference Manager' button. To the right, there is a section titled 'EXPAND YOUR NETWORK' with a list of suggested connections: Ahmad Alfaar, edmar Stieven-Filho, Sandra Moncada, and Edgar Rojas, each with a 'Follow' button. A sidebar on the left shows filter options: All posts, Citation updates, Article suggestions, and Recently published articles. At the bottom, there is a prompt to connect a Scopus ID.

Online Mendely

The screenshot shows the Mendeley Library web interface. The browser address bar displays <https://www.mendeley.com/library/>. The navigation bar includes links for Feed, Library (selected), Suggest, Groups, Datasets, Careers, and Funding. A search bar labeled 'Library search' and a user profile 'Reyhaneh RV' are also present. The left sidebar, titled 'MY LIBRARY', contains a list of categories: All Documents, Favorites, My Publications, Recently Read, and Recently Added. Below these are 'FOLDERS' with a '+ Create Folder...' option. A red bracket on the left side of the sidebar groups the 'All Documents' and 'Recently Added' items. A red arrow points from the bottom-left text box to the 'Create Folder...' link. The main content area is titled 'All Documents' and features a welcome message: 'Welcome to Mendeley Library, a place to organise, read and annotate your journal articles and other documents.' Below this is a blue button labeled '+ Upload documents now'. A large dashed circle contains the text 'or drop them here' and an icon of a document being dropped. A blue mouse cursor arrow points to this icon. On the right side of the interface, a message states 'No document selected'.

The screenshot shows the Mendeley Web Importer interface in a web browser. The browser's address bar displays the URL: https://www.mendeley.com/reference-management/web-importer/#id_1. The browser's toolbar includes buttons for Apps, Bookmarks, History, Settings, MyStart, Imported From IE, New folder, Login Page - Kerio..., and two Persian-language buttons: "ثبت نام متفاوتی - سازمان..." and "لغو تعهد آموزش رایگان...".

The Mendeley logo is in the top left, and navigation links "Sign In", "Create account", and "Download" are in the top right. A search bar with a magnifying glass icon and the word "Search" is on the right. The main navigation menu includes "Reference Management", "Research Network", "Datasets", "Careers", and "Funding". A secondary menu below it lists "Reference Manager BETA", "Mendeley Desktop", "Web Importer" (which is highlighted), "Mendeley Cite", "Premium", and "Help Guides".

Mendeley Web Importer

Import papers, web pages and other documents directly into your reference library from search engines and academic databases. Mendeley Web Importer is available for all major web browsers.

Below the text, there are three browser logos: Chrome, Firefox, and Safari, followed by a plus sign and the text "Safari, IE & more".

At the bottom, there is a diagram illustrating the import process. It shows a web browser window with a document being imported into a Mendeley library. A dashed arrow points from the browser window to a Mendeley library window, which contains a "Save to library" button.

Can drones be used to conduct water sampling in aquatic environments? A review

Authors: H. Lally, I. O'Connor, O. Jens...

View research catalog entry for this paper

Journal: *Science of The Total Environ...*

Year: 2019

Volume: 670

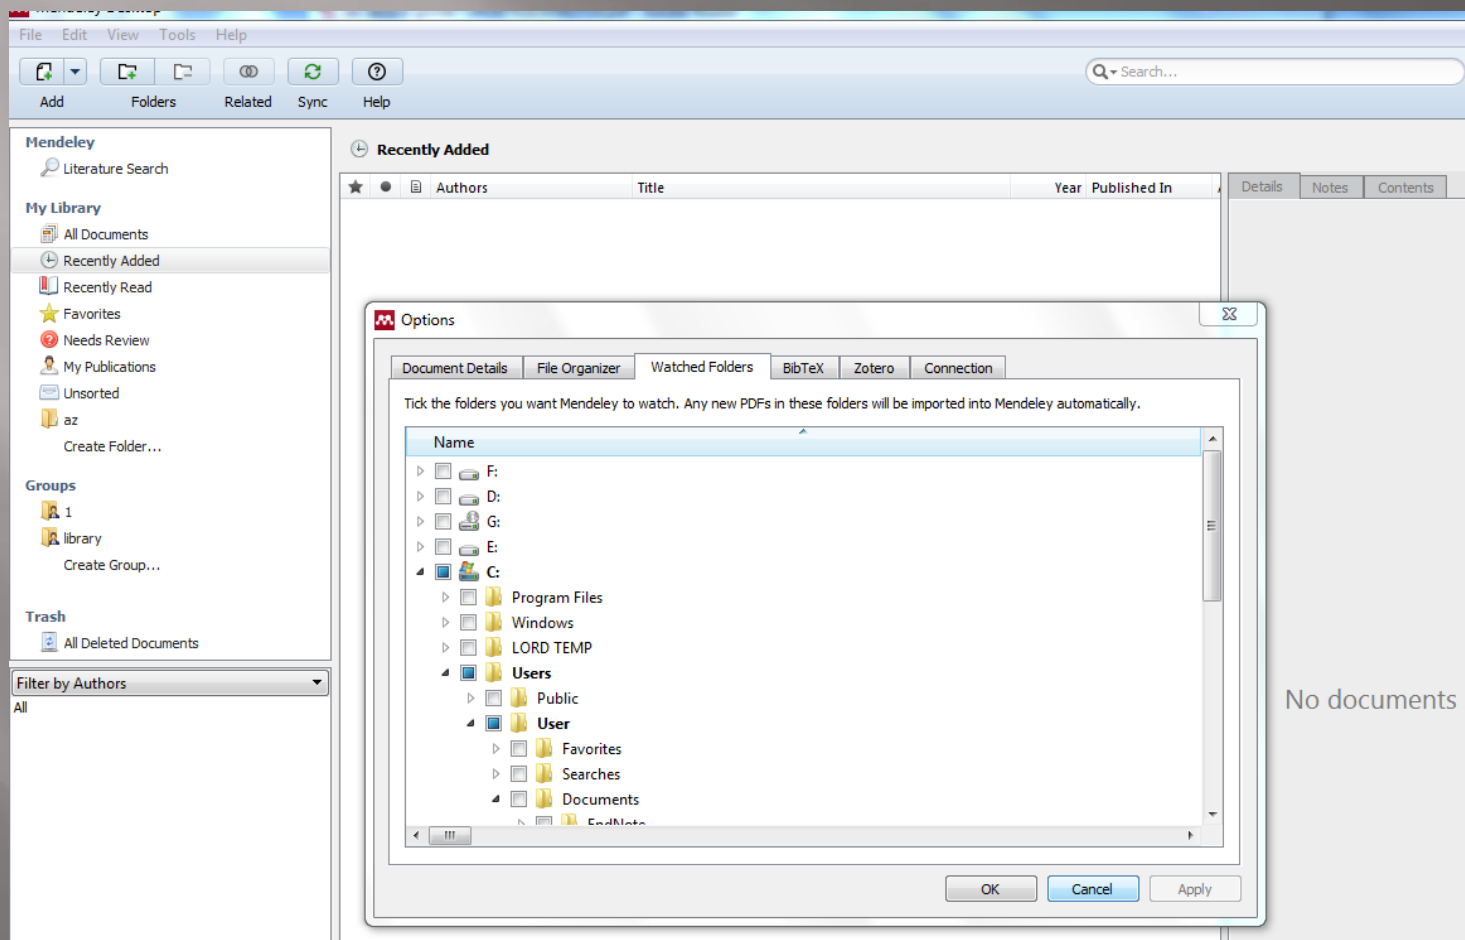

Issue:

Pages: 569-575

Abstract:

Advancements in drone technology have seen the development of drone-assisted water sampling payloads resulting in the ability of drones to retrieve water samples and physico-chemical data from aquatic ecosystems. The application of drones for water sampling provides the potential to fulfil many aspects of the biological and physico-chemical sampling required to meet large-scale water sampling programmes. This paper reviews the achievements made in the development of drone platforms; advances in specially designed water sampling payloads; advances in incorporating off-the-shelf probes and the ability of drone-assisted water sampling payloads to capture water and physico-chemical data from

Abstract

The polyamines spermine, spermidine, and putrescine are involved in various biological processes, notably in cell proliferation and differentiation, and also have antioxidant properties. Dietary polyamines have important implications in human health, mainly in the intestinal maturation and in the differentiation and development of immune system. The antioxidant and anti-inflammatory effect of polyamine can also play an important role in the prevention of chronic diseases such as cardiovascular diseases. In addition to endogenous synthesis, food is an important source of polyamines. Although there are no recommendations for polyamine daily intake, it is known that in stages of rapid cell growth (i.e., in the neonatal period), polyamine requirements are high. Additionally, *de novo* synthesis of polyamines tends to decrease with age, which is why their dietary sources acquire a greater importance in an aging population. Polyamine daily intake differs among to the available estimations, probably due to different dietary patterns and methodologies of data collection. Polyamines can be found in all types of foods in a wide range of concentrations. Spermidine and spermine are naturally present in food whereas putrescine could also have a microbial origin. The main polyamine in plant-based products is spermidine, whereas spermine content is generally higher in animal-derived foods. This article reviews the main implications of polyamines for human health, as well as their content in food and breast milk and infant formula. In addition, the estimated levels of polyamines intake in different populations are provided.

KEYWORDS: breast milk; food; human health; polyamines; putrescine; spermidine; spermine

The screenshot shows a web library interface with a top navigation bar containing links for Feed, Library, Suggest, Groups, Datasets, Careers, and Funding. A search bar is located on the right. On the left, there is a sidebar with a '+ Add' button and a list of categories: MY LIBRARY, All Documents, Favorites, My Publications, Recently Read, Recently Added, and FOLDERS. The main area displays a list of items, each with a checkbox, a star icon, a title, a source, and a timestamp. The first item, 'cardiovascular toxicology - Google Search', is highlighted with a red box.

Add Web Page

The screenshot displays the Mendeley Desktop application window. The top menu bar includes 'File', 'Edit', 'View', 'Tools', and 'Help'. Below the menu is a toolbar with icons for 'Add', 'Folders', 'Related', 'Sync', and 'Help'. The 'Add' button, represented by a green plus icon, is highlighted with a red rectangle. To the right of the toolbar is a search bar containing the text 'cardio'. The left sidebar shows the 'Mendeley' logo, a 'Literature Search' icon, and a 'My Library' section with options like 'All Documents', 'Recently Added', 'Recently Read', 'Favorites', 'Needs Review', 'My Publications', 'Unsorted', 'az', and 's'. Below this is a 'Groups' section with '1' and 'library' options. The main pane is titled 'All Documents' and shows search results for 'cardio' in 'All Documents'. The results list includes several entries, with the entry 'cardiovascular toxicology - Google Search' highlighted by a red rectangle. This entry shows a URL starting with 'URL: ...com/search?ei=qrNTXYvuK9HQkwW647mACw&q=cardiovascular+toxicology&oq=cardiovascular+&gs_l=...'. Other visible entries include 'Pregnancy and the cardiovascular system' and 'Human cardiovascular adjustments to exercise and thermal stress'.

Search

The screenshot shows the Mendeley Desktop application interface. At the top, there is a menu bar with 'File', 'Edit', 'View', 'Tools', and 'Help'. Below the menu bar is a toolbar with icons for 'Add', 'Folders', 'Related', 'Sync', and 'Help'. A search bar is located in the top right corner, highlighted with a red rectangle, with the text 'Q Search...'. To the right of the search bar is a user profile icon for 'reyhaneh'.

The main area is divided into two panes. The left pane is titled 'Mendeley' and contains a sidebar with 'Literature Search' and 'My Library'. The 'My Library' section is expanded, showing a list of folders: 'All Documents', 'Recently Added', 'Recently Read', 'Favorites', 'Needs Review', 'My Publications', 'Unsorted', 'az', and 's'. Below these folders are options to 'Create Folder...' and 'Groups'. The 'Groups' section shows a list of groups: '1' and 'library', with a 'Create Group...' option. The 'Trash' section shows 'All Deleted Documents'.

The right pane is titled 'All Documents' and contains a table of documents. The table has columns for 'Authors', 'Title', 'Year', and 'Published In'. The documents listed are:

Authors	Title	Year	Published In
McEwen, BS; Lasley, EN	The end of stress as we know it.	2002

	My EndNote Library1		

On the right side of the document list, there are tabs for 'Details', 'Notes', and 'Contents'. The 'Notes' tab is selected, showing a 'GENERAL NOTES' section with a text area containing the word 'book'. Below the text area, there is a message: 'Use the **highlight** and **note** tools to create annotations. Any annotations you create in Mendeley Desktop will be available on Mendeley for iOS, Android and Web'.

Search

The screenshot displays the Mendeley Desktop application interface. On the left is a sidebar with navigation options like 'Literature Search', 'My Library', and 'Trash'. The main area shows a table of search results with columns for Authors, Title, Year, and a search bar. A red box highlights a dropdown menu that appears when clicking the search bar, listing 'Authors', 'Titles', 'Publication Names', 'Year', and 'Notes'. The 'Notes' option is also highlighted with a red box. On the right, a 'GENERAL NOTES' panel is visible, containing a text area and instructions on using highlight and note tools.

Journal: *Journal of Maternal-Fetal and Neonatal Medicine*

Year: 2019

Volume: 32

Issue: 8

Pages: 1262-1266

Abstract:

© 2017, © 2017 Informa UK Limited, trading as Taylor & Francis Group. Introduction: Amniotic fluid embolism (AFE) is a rare and potentially lethal obstetric complication, commonly occurring during labor, delivery, or immediately postpartum. There is a paucity of data regarding incidence, risk factors, and clinical management. Our primary objective in this study was to evaluate clinical presentation of AFE and delineate anesthesia management of these cases. Methods: This 10 years retrospective multi-center cohort study was performed in five tertiary university-affiliated medical centers, between the years 2005 and 2015. All documented cases of AFE identified according to the ICD guidelines were review...

The screenshot displays the Microsoft Word 2010 interface with the EndNote X9 ribbon selected. The ribbon includes tabs for File, Home, Insert, Page Layout, References, Mailings, Review, View, and EndNote X9. The References tab is active, showing options like Insert Endnote, Insert Bibliography, Insert Citation, and Manage Sources. The EndNote X9 tab is also visible, featuring options like Cite While You Write and Insert Table of Figures. The document text is as follows:

Advancements in drone technology have seen the development of drone-assisted water sampling payloads resulting in the ability of drones to retrieve water samples and physico-chemical data from aquatic ecosystems. (1)

The application of drones for water sampling provides the potential to fulfil many aspects of the biological and physico-chemical sampling required to meet large-scale water sampling programmes. (2) This paper reviews the achievements made in the development of drone platforms; advances in specially designed water sampling payloads; advances in incorporating off-the-shelf probes and the ability of drone-assisted water sampling payloads to capture water and physico-chemical

Insert Bibliography

The screenshot shows the Microsoft Word 2016 interface with the 'References' tab selected. The ribbon includes options for 'Table of Contents', 'Footnotes', 'Insert Bibliography', 'Open Mendeley', 'Insert Citation', 'Style: Vancouver', 'Mendeley Cite-O-Matic', 'Citations & Bibliography', 'Manage Sources', 'Style: APA Fifth', 'Bibliography', 'Cite While You Write', 'EndNote', 'Insert Table of Figures', 'Update Table', 'Cross-reference', 'Captions', 'Insert Index', 'Mark Entry', and 'Update Index'. The document text is as follows:

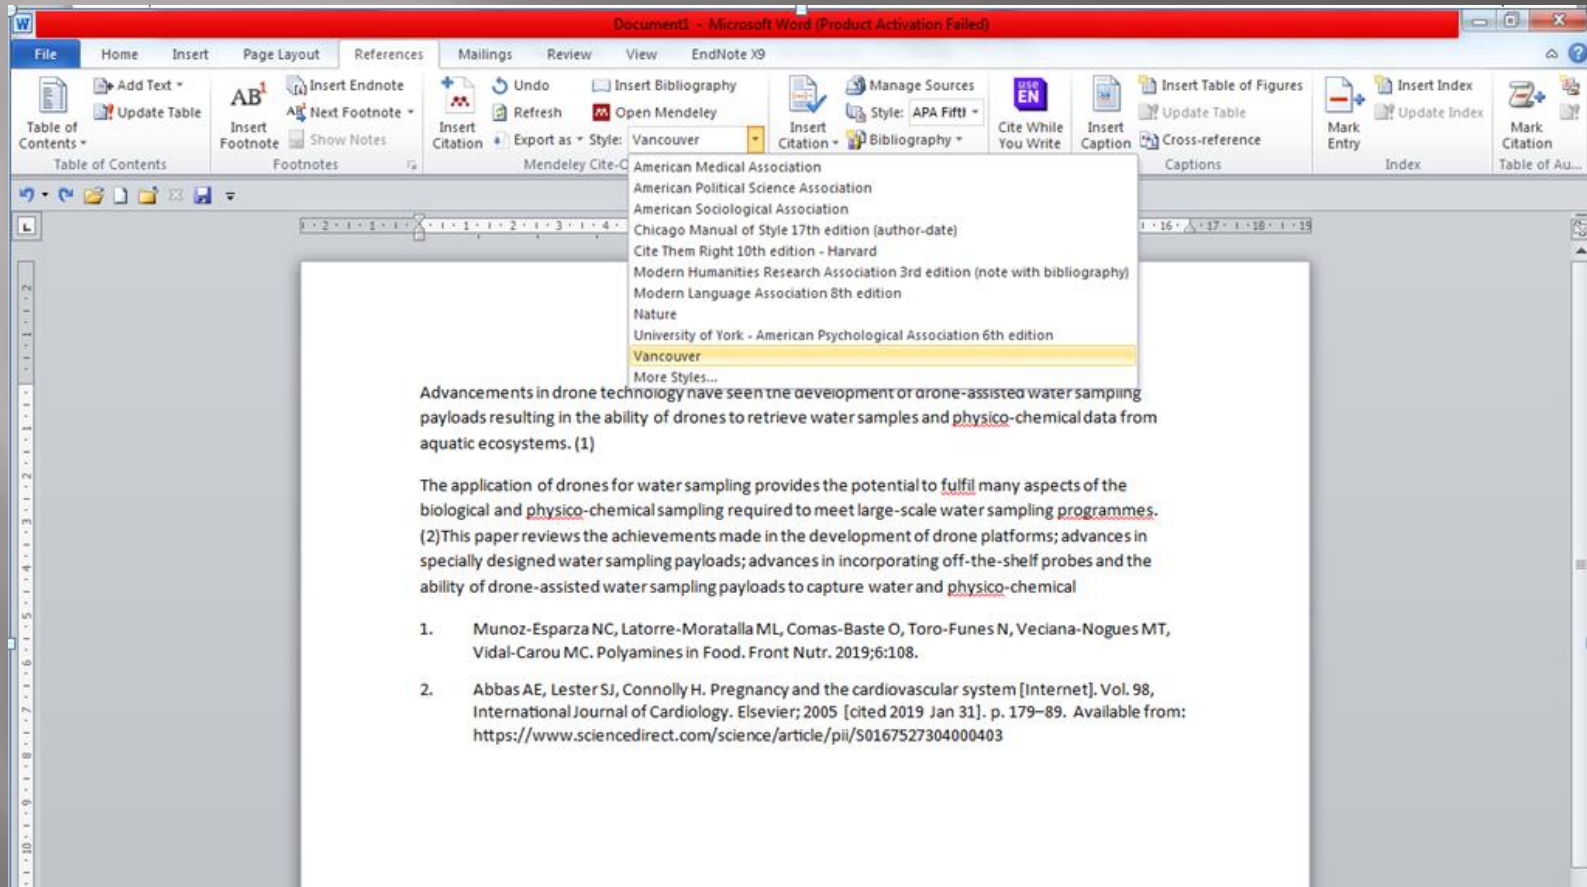

Advancements in drone technology have seen the development of drone-assisted water sampling payloads resulting in the ability of drones to retrieve water samples and physico-chemical data from aquatic ecosystems (1)

The application of drones for water sampling provides the potential to fulfil many aspects of the biological and physico-chemical sampling required to meet large-scale water sampling programmes. تأثیر یک دوره بازتوانی قلبی بر توانایی جنسی بیماران مبتلا به سکته قلبی
rehabilitationj.uswr.ac.ir - نجفیان - فصلنامه علمی پژوهشی توانبخشی، 2001

هدف: یکی از شکایات معمول بیماران است که یک قلب ناتوانی جنسی (1) است. بعد از اولین انفارکتوس میوکارد معمولاً میزان فعالیت جنسی در بیماران کاهش می‌یابد. این کاهش در فعالیت جنسی، در بیماران مذکر و مونث تفاوتی ندارد. شایعترین مشکلات جنسی در بیماران کرونری کاهش ...

Web-based Citation Management Tools: Comparing the Accuracy of Their Electronic Journal Citations

Authors: L. Homol

[View research catalog entry for this paper](#)

Journal: *Journal of Academic Librarianship*

Year: 2014

Volume:

Issue:

Pages:

Abstract:

Many students struggle when citing sources in their research papers and have turned to web-based citation tools in increasing numbers. In order to test the accuracy of the citations generated by these products, a sample of student-selected electronic journal articles was collected and MLA and APA citations for these articles were created using EBSCO Discovery Service's Cite tool, EndNote Basic, RefWorks, and Zotero. Although EndNote Basic, RefWorks and Zotero's APA citation error rates were
